

**Team Name:** Team4 (PantryPal)  
**Report Number:** Apr 14 to Apr 20  
**Reporting Week:** 14

**Summary of work completed in prior week:**

Spent time troubleshooting install issues and worked on further documentation for the project. Worked to get the teams systems fully functional with the current working project, including the docker DB, Angular frontend and Springboot backend. Planned testing phase for the last week of the project and worked on presentation.

**Summary of work planned for next week:**

Finalize Springboot setup for Recipes and Shopping Cart functionality. Start testing process for each componenet and software requirement following our testing plan. Continue troubleshooting team member set ups if needed. Finalize all documentation.

**Open issues and action plan to resolve them:**

Troubleshoot issues with Docker installs and Dev Containers.  
Finalizing all documentation.  
Working on documentation website to clean it up and make it more user friendly.
