

Team Name: Team4 (PantryPal)
Report Number: Apr 21 to Apr 27
Reporting Week: 15

Summary of work completed in prior week:

Worked on finalizing the springboot backend to provide all functionality outlined in the software requirements document. Troubleshooted errors related to Gradle JavaHome paths and fixed them. Worked on stylization of both the documentation website and the actual PantryPal web app. Worked on formatting for the project files and cleaned up the GitHub Repository. Merged final build into main GitHub Repository for submission. Completed thorough testing of final Pantry Pal product to ensure it meets the minimum requirements of functionality and passes unit tests. Finalized documentation, including fleshing out revision history.

Summary of work planned for next week:

Complete the final submission demo and answer questions.

Open issues and action plan to resolve them:

N/A

Project management summary

Team member	Tasks completed	Hours worked for week	Total hours
Elijah Loy	Got Springboot to work with the database and frontend. Performed some unit tests. Worked on revision history.	7(so far)	33
Denver Woolard	Continued working on Springboot, helped do some revisions based on early testing. Complete software requirements functionality.	12	58.5
Makaela Bennett
