

**Team Name:** Team4 (PantryPal)  
**Report Number:** Feb 17 to Feb 23  
**Reporting Week:** 6

**Summary of work completed in prior week:**

Converted the basic front end made in HTML and CSS to an Angular Project. Set up components for the various pages and navbar. Began creating the structure for creating recipes and worked on design for the frontend.

**Summary of work planned for next week:**

Utilize forms to get Create/Manage/Delete Recipes to function with fake data to ensure the frontend is working. Continue working on design and webpage layout for frontend.

**Open issues and action plan to resolve them:**

Practice with implementing Angular and creating components and routing them through the navbar.

**Project management summary**

Team member	Tasks completed	Hours worked for week	Total hours
Elijah Loy	Presented project requirements and started working on pantry section	2.5	14.5
Denver Woolard	Created an Angular project and converted the existing frontend outline to Angular for frontend implementation.	3.5	14.5
Makaela Bennett	Presented projects requirement, started work on create recipes function	2.5	13
