**Team Name:** Team4 (PantryPal)
**Report Number:** Mar 10 to Mar 16
**Reporting Week:** 9

**Summary of work completed in prior week:**

We finished the front end implementation and stylization of PantryPal and we sent Sean a video of it. We also started to work on the SRS file.

**Summary of work planned for next week:**

Start working on the backend, first deciding what we are doing to use for the database. Get more work done on the documentation. After deciding on DB to use, work on yml file to initialize it with needed parameters.

**Open issues and action plan to resolve them:**

Database: Will probably be decided before we meet next.
Documentation: Not completely finished, but will add more as the semester progresses.

**Project management summary**
