Team Name: Team4 (PantryPal)
Report Number: Mar 31 to Apr 6
Reporting Week: 12

Summary of work completed in prior week:

Began setting up the Springboot environment for integrating the Database with the completed front end. Setting up folder structure and beginning work on needed classes. Worked on getting everyones DB container set up properly so we can all develop from the same base. Continued work on documentation.

Summary of work planned for next week:

Finalize draft 1 of SRS file, while touching up past documentation and updating the documentation website. Keep working on springboot integration and hopefully begin testing it with the front end.

Open issues and action plan to resolve them:

Springboot: Keep working on implementation, begin testing finished sections.
Documentation: Goal to finish SRS 1st draft by next meeting.
