Team Name: Team4 (PantryPal)
Report Number: Apr 7 to Apr 13
Reporting Week: 13

Summary of work completed in prior week:

Worked on Springboot files in order to finish integration with frontend. Got the Pantry front end working, allowing editing, creation and deleting of pantry items from the Angular environment. Spent time troubleshooting install issues and worked on further documentation for the project.

Summary of work planned for next week:

Continue working on Springboot integrations, hopefully get Recipes and Shopping Cart working with full functionality via Angular. Complete a near finalized draft for documentation. Continue working on design and usability.

Open issues and action plan to resolve them:

Troubleshoot issues with Docker installs and Dev Containers.
Work on resolving issues with Recipes page.

Project management summary

Team member	Tasks completed	Hours worked for week	Total hours
Elijah Loy	Helped configure and debug springboot backend.	4	28
Denver Woolard	Got Pantry integration functioning with soft validation. Spent time troubleshooting Recipes page. Worked on fixing gradle install.	10	38.5
Makaela Bennett	Tried to get it running on my system (to no avail)	3	22.5

Meeting summary

Date: 04/08/2025

Time: 11:30am – 1:00pm

Location: Library

Attendees:

- Elijah Loy
- Denver Woolard
- Makaela Bennett

Action Items:

- Worked on getting Springboot up and running across multiple PCs
- Fixed Database issues and prepared it for integration with frontend
- Discussed other features for the application.

Next Meeting: Tue Apr 15 @ 11:30 am
